

December 2009

We are a documentary film production company. We began working with Tammy King one year ago.

In terms of human relations, which are no less important, Tammy is an amazing person, very friendly, patient, service oriented, with a tremendous willingness to always be of assistance.

Throughout the past year we have employed Tammy's services many times, to translate synopses, screenplays, trailers, demos and feature films.

We would like to point out that all of Tammy's translations were of the finest quality no matter what the subject matter – military, political or security.

Tammy is a perfectionist. She is so meticulous that no translation is submitted before she conducts comprehensive proofing and editing of the translated content.

Tammy has always been available to us even when she was abroad. She always adheres to time schedules and even submits projects before preset deadlines.

After dozens of film productions and vast experience in the field, we recommend Tammy King as **one of the leaders in the industry!**

We would be pleased to offer our recommendation by phone at 03-5614302

Tammy, please accept our huge thank you!!!

Nir Toib, Producer and Director

Moria Moyal, Production Manager
