To Whom It May Concern

Tammy King translated the majority of my screenplays to English.

Since I began working with Tammy, I never had to turn to another translator.

Tammy has wonderful command of the English and Hebrew languages and is extremely sensitive to the artistic nuances a translator must have when it comes to creative writing.

The screenplays that Tammy translated for me won the respect of film industry leaders and went on to become international productions.

Tammy is a hardworking and diligent professional, as well as a lovely human being.

I am always pleased to ask her to translate my work.

I trust that you too will be pleased by her work as a translator.

Sincerely,

Dover Kosashvili

Screenwriter and Director
